ITIL essentials

Three Day Foundation Certificate Course in IT Service Management

course info

The ITIL Service Management Essentials (Foundation Level) course is a certification course based on the IT Infrastructure Library. The focus is on an integrated approach to IT Service Management through cross-departmental processes and implementation of effective communication channels. Attendees learn a common vocabulary and a shared understanding IT Service Management best practice.

Learning Outcomes

The aim of this course is for each participant to be able to:

- Use the ITIL terminology
- Understand the characteristics of a best practice Service Desk
- Identify the sub-activities for each best practice process
- Understand how ITIL processes relate to the roles and responsibilities in an IT department
- Understand the issues of implementing ITIL processes into an organisation and creating a cycle of continuous improvement

Who Should Attend

The ITIL Essentials course is appropriate for all IT staff, but more specifically people in the following roles should attend:

- IT Manager
- CIO
- IT Line Managers
- Process stakeholders
- Service Delivery Managers
- Participants wishing to progress to the ITIL Service Manager Masters Certification

What is ITIL

ITIL is the world-acclaimed standard for best practice in IT Service Management. See back page for more information.

Learning Method

This course is instructor led with limited class size. Participants undertake practical activities to ensure understanding of concepts and terminology.

In-House Training

This course is available for private presentation, either on your own premises or "off-site". Please email ALC at learn@alctraining.com.my for a quotation.

Exclusive ITIL Simulation

A special feature of this course is the ITIL Simulation session exclusively developed by Lucid IT. This session provides additional knowledge and experience in the management issues of running an IT organisation and the implementation of ITIL.

Course Instructor

This course is presented by ALC in association with Lucid IT, a leading provider of professional services in IT Service Management in Asia-Pacific and the most experienced practitioner of ITIL. Lucid IT brings to bear a practical, holistic approach towards process implementation with a strong focus on the delivery of results and using best practices such as ITIL. For individual instructor biography please visit our website: www.alctraining.com.my

About ALC

ALC Training Sdn Bhd is a member of the ALC Group (www.alc-group.com), providing leading-edge training in IT and management for business and government in Australia, Hong Kong, Indonesia, Malaysia, New Zealand and Singapore. ALC has no affiliation with vendors of software or hardware and provides completely independent unbiased training.

On-Line Learning

The ITIL Foundation Certificate course is now also available online. E-learning can offer a good solution if you are in a remote area or have a high volume training requirement. For further information please email learn@alctraining.com.my

Examination

The ITIL Foundation Certificate is an internationally-recognised qualification and is a pre-requisite for further qualifications in ITIL. The exam is set by EXIN, the international Examination Institute for Information Science. It comprises a 60-minute 40 question multiple choice examination and is held on the last day of the course.

IT Service Manager Masters Course

The ITIL Masters Program is designed for anyone who wants to ensure that they master best practice in IT Service Management. The program comprises 4 modules over 12 days of intensive training and provides an in-depth understanding of the 12 key ITIL processes as well as a thorough analysis of ITIL in a business context. The course culminates in two exams for the Manager's Certificate in IT Service Management, the premium service management qualification in the world today.

ITIL Version 3

The much anticipated ITIL V3 was released to the IT Service Management community on 30 May 2007. Whilst ITIL's history goes back some 20 years, this newest version is perhaps more significant than the previous because of the global uptake of ITIL over the past 5 years since the release of the ITIL V2 IT Service Support and Delivery books.

ALC offers ITIL Foundation Certificate courses for both ITIL V2 and V3. This course is V3. If you require V2 training please contact ALC.

ITIL Education Program

ALC offers a comprehensive training program in ITIL at all levels – Foundation, Practitioner and Masters. Our courses are taught by leading practitioners with extensive “real world” experience. You don't get just the theory.

ITIL Essentials

This 3-day 'flagship' course is the ideal starting point for anyone interested in ITIL. It provides a comprehensive insight into all ITIL processes and leads to the Foundation Certificate in IT Service Management

ITIL V3 Foundation Bridging Course

One-day course provides a solid understanding of ITIL V3, where it differs from ITIL V2, and more importantly what ITIL V3 has to offer your organisation. The course prepares you for the Foundation Bridging Exam.

IT Service Manager Masters Course

This program comprises 4 modules over 12 intensive days and is designed to ensure that participants truly master ITIL. It leads to the Manager's Certificate in IT Service Management, the premium service management qualification in the world today.

ITIL Practitioner: Release and Control

Five-day course replaces the independent Change Management, Release Management and Configuration Management Practitioner Courses. You will learn how to implement, manage and optimise the CRC processes in an organisation through interactive classroom training.

ITIL Practitioner: Support and Restore

Five-day course replaces the independent Service Desk/Incident Management and Problem Management Practitioner Courses. You will learn how to implement, manage and optimise the SIP processes in an organisation through interactive classroom training.

ITIL Practitioner: Agree and Define

Five-day course replaces the independent Service Level Management and Financial Management Practitioner Courses. You will learn how to implement, manage and optimise the Agree and Define processes in an organisation through interactive classroom training.

ITIL Practitioner: Plan and Improve

Five-day course replaces the independent Availability, Capacity and IT Service Continuity Management Practitioner Courses. You will learn how to implement, manage and optimise the Plan and Improve processes in an organisation through interactive classroom training.
